The Facilitator was that of Managing Director for Pearson Institute of Higher Education. Having led a national private institution owned by a London listed company, his career includes work across 3 continents and amongst multiple cultures and organisations including Deloitte and Tshwane University of Technology.

During his time at Deloitte consulting, he started a project management office which supported a team who among others did SABA installations, LMS roll-outs and custom software solutions.

Previously he was Director of Teaching and Learning with Technology at the Tshwane University of Technology which has the second largest Blackboard LMS roll-out in South Africa. His career includes work in education, public, private and corporate sectors. He is experienced in working in teams, delegations and committees as well as in the running of projects as an individual.

He has taught Project Management at graduate level for the last 15 years. He served on examination boards, investigation/advisory commissions and industry work teams. He has published nationally and internationally and is a frequent contributor to workshops, training sessions and conferences.
