About your Presenter:

Dphil (Information Science), Med (Cum Laude), HDE and an FDE

He is currently self-employed as freelance Project Manager, Higher Education consultant and Facilitator. His last full time position was that of Managing Director for Pearson Institute of Higher Education. Having lead a national private Higher Education institution owned by a London listed company, he is well aware of, and equipped to deal with a range, complexity and nature of the associated challenges and has rich experience in dealing with all components of managing, leading, technology adoption and working in Higher Education and the international corporate environment. During his time as a Lead Consultant at Deloitte consulting, he also started a Project Management office for a team who among others did SABA installations, LMS roll-outs and custom software solutions. His career includes a time as Director of Teaching and Learning with Technology at the Tshwane University of Technology. TUT still has the second largest Blackboard LMS roll-out in South Africa. He has published Nationally and Internationally and is a frequent contributor to workshops, training sessions and conferences.
