About your Presenter:

M-Tech, M Phil, PhD

Your Facilitator completed five qualifications, one in undergraduate with the focus on economics and public administration. In all his post graduate studies which include a MBA, MPhil in Entrepreneurship the main focus was on business management and business strategy. The Phd included various disciplines such as economics, business economics, and business strategy and supply chain management. After the completion of his Phd he is focussing on socio-economic research and solving social development issues. He has successfully supervised seven master students, addressed 30 international conferences and published 15 accredited articles in international journals. He has been invited on various occasions to be a guest speaker at International conferences.

He has a passion to work with people and his hobby is to lecture and empower people with knowledge.
